

BESTSELLING AUTHOR ROD PENNINGTON PENS FILM/TV DEAL  
WITH WORLD MEDIA PARTNERS

*Includes #1 Novels on Amazon Kindle in "The Fourth Awakening" & "The Charon Family" Series,  
Plus A Brand New Action Manuscript*

February 17, 2015... USA... Author Rod Pennington's blockbuster titles have been optioned for film and television by Carole Myers, Executive Producer at World Media Partners. One of the hottest authors on Amazon Kindle, all of Pennington's novels have immediately hit #1 in multiple categories. Pennington's immense popularity earned him a featured author story on the Amazon Home page.

Pennington's books include *The Charon Family*, a dark comedy satire series about a dysfunctional family of four of the world's best assassins. Also, *The Fourth Awakening* series, metaphysical science thrillers featuring a woman who gets a "do over" with her life when she investigates a mysterious disappearance that leads her on an enlightenment quest.

"I've been very happy with my Kindle success, writing exactly what excites me, exactly how I want to write it and living a glorious life here in Jackson Hole," said Pennington. "Gotta admit, though, it will be a lot of fun to see *The Charon Family* and Penelope Drayton Spence, my heroine in *The Fourth Awakening*, come to life."

Pennington began his novel writing career in the Men's Action genre in the 1980s. With *The Fourth Awakening* novels, he found a new audience for creative New Age drama. His recent Spanish language release of *The Fourth Awakening* became the #1 Kindle Foreign Language book.

The *Charon Family* series incorporates six novels, including *The Family Bundle*, a trilogy. All have been #1 in Dark Comedy, Satire and Political categories. At one time, all six *Charon Family* books filled the #1-#6 position in the Kindle Humorous Dark Comedy category while four of the *Fourth Awakening* books filled positions #1-#4 in New Age Mysticism.

Myers will also be developing Pennington's ready-for-publication new novel, entitled *Indweller*, a rapid-fire action and intrigue story with a hero of such massive originality that he deserves his own genre.

"From the first page of my first Rod Pennington novel, I was jaw-dropped. The action was moving so fast and was so thrilling that I couldn't stop reading," said Myers. "He crafts this

colorful matrix of mystery, action and fascinating characters that translate perfectly to the screen. Rod can turn out an astounding TV pilot script in a day, too."

Myers cut her teeth on the TV series "Miami Vice," then developed and produced "The Marshal," an ABC/Paramount prime time drama series. She has set up numerous series and specials with production companies, networks and studios, based on valuable book and life rights, and has executive produced pilots, series and specials, including the series "Night of the Proms," which earned her the Mid-America 2014 EMMY Award for Arts/Entertainment Series/Special.

With the Pennington series and novels, Myers anticipates a bidding war.

"Both these series fit exactly what networks and studios are looking for - high concept, original characters and a built-in audience. "The Marshal" inspired a bidding war. With an extraordinary, prolific writer like Rod Pennington, there's really no limit."
